China's Current Tax System-State Administration of Taxation

1. Key responsibilities

The State Administration of Taxation (SAT) is the highest tax authority in China. The SAT is directly under the State Council and be responsible for the State revenue work, whose main responsibilities are listed as follows:

- Draft the relevant tax laws & regulations and the detailed rules for the implementation thereof; put forward suggestions on tax policy and submit it to the State Council together with the Ministry of Finance, formulate the implementation procedures.
- (2) Administer and organize the collection of taxes, social insurance premiums and non-tax revenue, strive for full collection of taxes and other income.
- Take part in studying macro-economic policy and division of tax power between the Central and local governments; study the overall level of tax incidence and proceeding with suggestions on how to regulate and control the macro-economy by means of taxation; formulate and monitor the implementation of the rules and procedures of taxation work; supervise local tax administration and collection.
- Organize and carry out tax administration system reform; formulate tax administration procedures; monitor the implementation of tax laws & regulations and tax policy.
- Plan and organize the tax system construction, formulate and supervise the implementation of protection system to protect taxpayer's rights and interest. Provide convenient tax service with good quality and high efficiency, organize and implement tax propaganda, formulate management policy for tax agents and supervise the implementation.
- (6) Organize classified management and specialized service for taxpayers, organize and implement tax services and tax source management for big enterprises.
- Prepare and report medium-and long-term tax revenue plan and annual plan, investigate tax (7) resource, analyze and forecast tax revenue, organize detailed process for tax exemption and deduction.

- (8) Establish the information system for tax administration, prepare medium-and long-term construction plan for the information system of tax administration, organize and implement tax information system construction.
- (9) Promote international exchange and cooperation in the field of taxation; participate in international tax conventions, initial and execute relevant treaties and agreements.
- (10) Deal with collection and refund of VAT and/or Consumption Tax on importation and exportation.
- (11) Work with provincial and municipal party committee and the government to provide dual leadership to the national tax system
- (12) Undertake other tasks assigned by the CPC Central Committee and the State Council.
